Empowering Global Supply Chains with Precision

At Evaras Techno Pack, our mission is simple: to engineer packaging materials that offer zero-compromise protection. Driven by the vision of our Managing Director, Ajith E, we operate with a strict ‘Virgin Quality’ policy, ensuring every roll of tape and film meets rigorous government thickness standards. With strategic manufacturing units in Bangalore and Tamil Nadu, we are built to handle the bulk demands of India’s fastest-growing industries

Ajith E

Managing Director

☎ 8973728643

Managing Director

Ajith E is the Managing Director of Evaras Technopack, providing strategic leadership and long-term vision for the organization. With a strong focus on operational excellence and sustainable growth, he plays a key role in shaping the company's direction in the packaging and manufacturing sector.

Under his guidance, Evaras Technopack has strengthened its commitment to quality, reliability, and customer-centric solutions. Ajith E emphasizes disciplined execution, ethical business practices, and continuous improvement across all departments, ensuring that the company consistently meets industry standards and client expectations.

Rasathi R

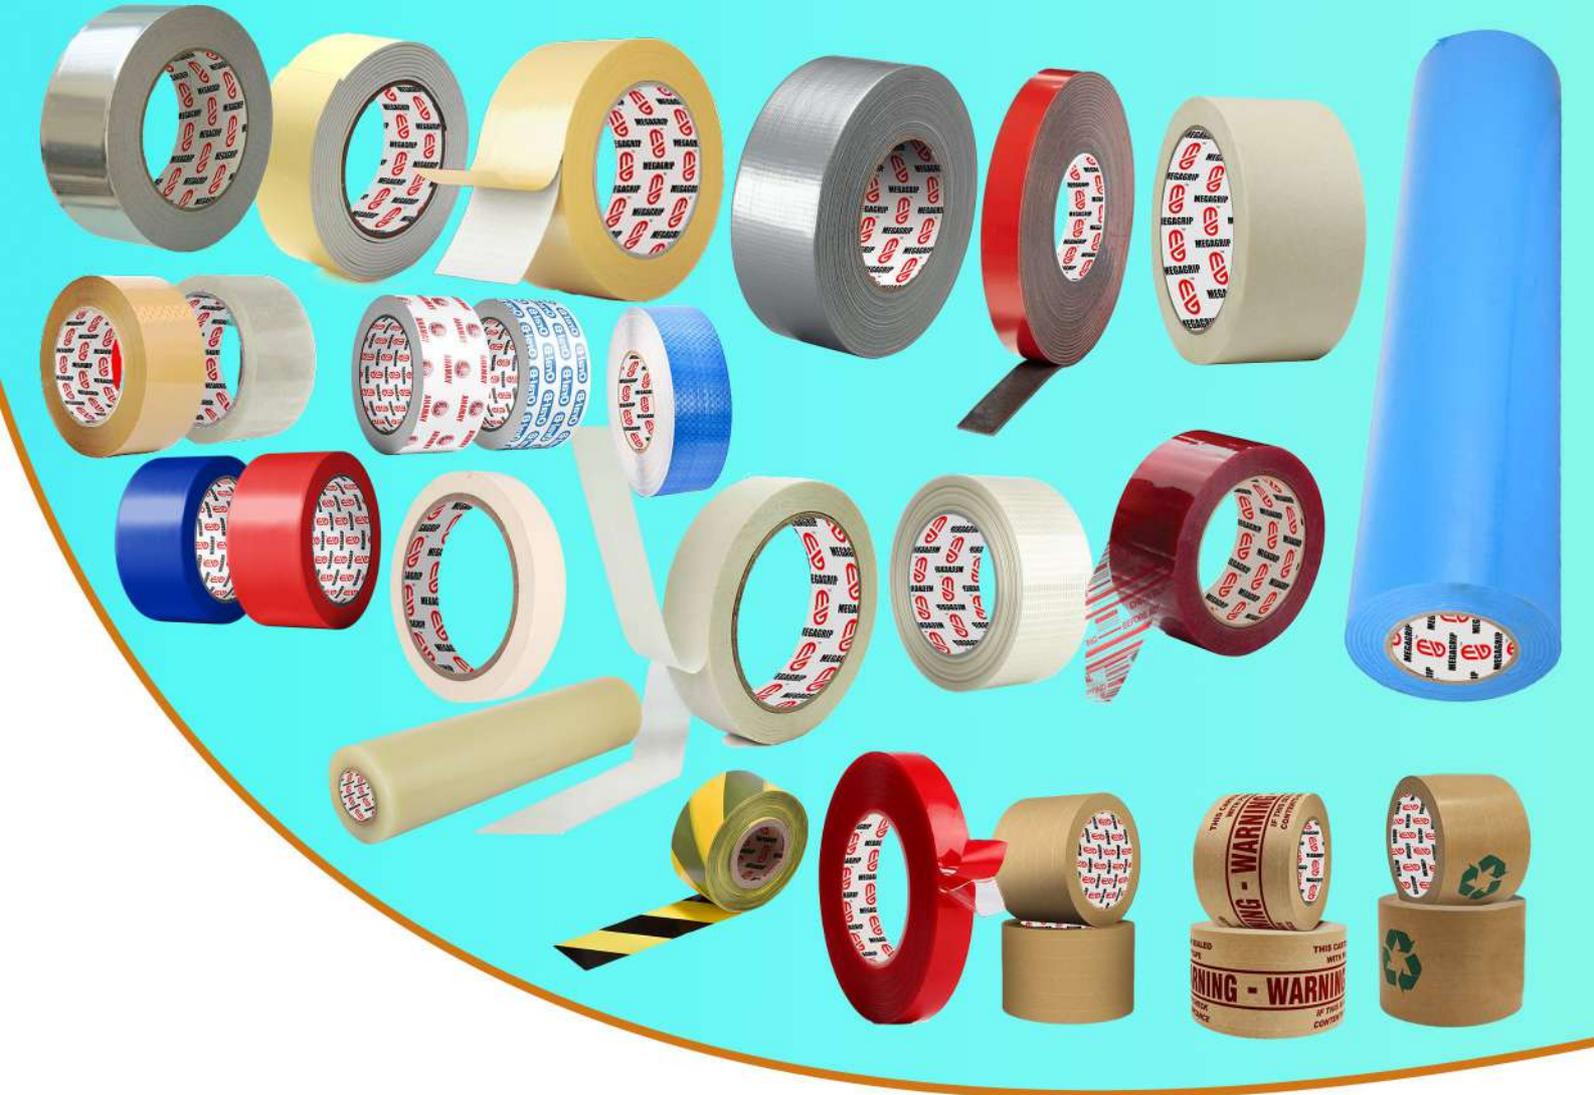

Chief Executive Officer

☎ 9742992197

Chief Executive Officer

Rasathi R serves as the Chief Executive Officer of Evaras Technopack, overseeing day-to-day operations and driving organizational performance. With a hands-on leadership approach, she ensures smooth coordination between production, quality control, and customer engagement.

Her leadership focuses on efficiency, process optimization, and building strong relationships with clients and partners. Rasathi R is instrumental in translating the company's strategic goals into actionable results, while maintaining a strong culture of accountability, innovation, and service excellence.

LD Covers

Flexible Low-Density Polyethylene (LDPE) packaging solutions for industrial protection.

EPE Foam Rolls

Non-abrasive cushioning material providing superior surface protection for delicate finishes.

Air Bubble Packaging

Premium multi-layer air cushion films providing critical shock absorption for fragile goods.

Carton Boxes

Heavy-duty corrugated boxes engineered for safe transit, storage, and structural integrity.

Wooden Pallets

Robust, heat-treated wooden pallets designed for heavy-load warehousing and logistics.

Paper Plates

High-quality, disposable paper plates suitable for bulk catering and industrial canteen supply.

Thermocol (EPS)

Lightweight Expanded Polystyrene (EPS) blocks for insulation, cushioning, and void filling.

Silica Gel

High-absorption desiccant packets essential for moisture control and product preservation.

Stationery Items

Beyond industrial packaging, Evaras Techno Pack offers a premium selection of stationery designed for professional consistency and durability. We supply high-quality administrative tools that support your daily business operations.

PP Strapping Roll

Ensure your shipments stay intact during transit with Evaras Techno Pack's premium Polypropylene (PP) Strapping Rolls. Engineered for high tensile strength and elasticity, our strapping rolls are the ideal solution for bundling cartons, securing pallet loads, and reinforcing heavy packages.

Industrial Stretch Films

Virgin-quality casting films designed for secure pallet wrapping and maximum load stability.
